

How to Use Facebook

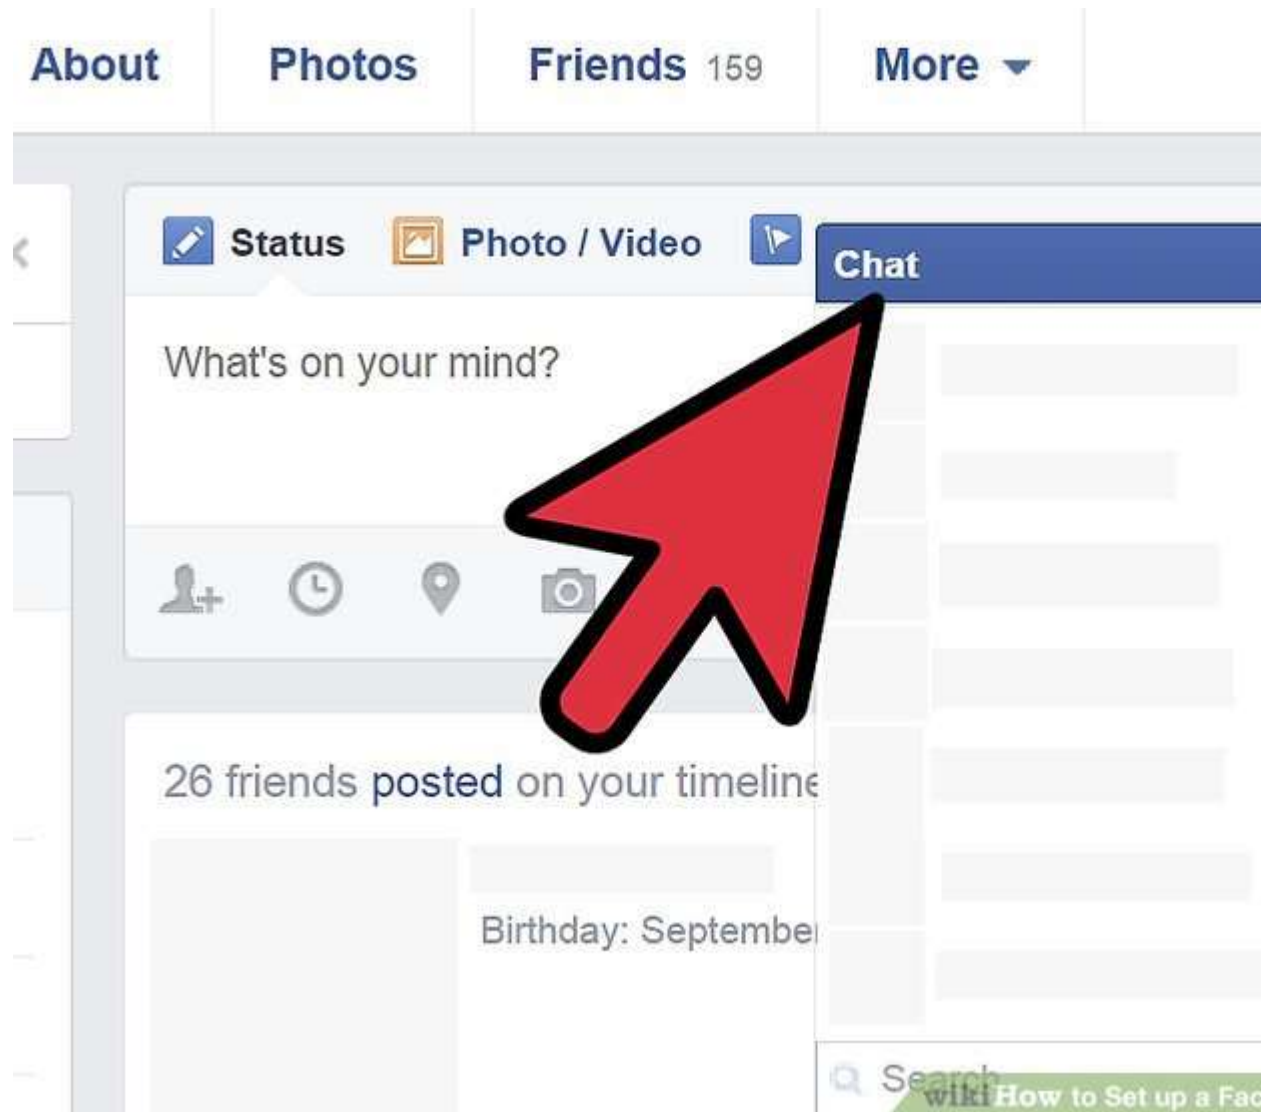

1. Share and post:

You can post to your own timeline or post to your friends' timelines. You can also share content from elsewhere on the internet, including links, images, and videos.

2. Chat on Facebook:

Facebook allows you to chat with anyone on your friends list. If the person you are chatting with is not online, they will receive your message the next time they log in. You can also download the Messenger app for your phone to chat on the go.

3. Upload photos:

Facebook allows you to upload your photos to post to your profile and share with friends and family. You can upload single photos or organize your photos into albums. Make sure to not upload anything containing questionable content.

4. Create an event:

You can use Facebook to create events and invite people. You can set the date and time, enter a location, make posts for people that will be attending, and invite specific people. Facebook events are quickly becoming one of the main ways that people organize gatherings.
